Check for warranty

Declaration of coverage

Böllhoff will invoice you based on the actual parts used and time spent.

With the return of the device, you will receive a repair report including a list of parts.

To speed up the repair process, we ask that you approve the cost coverage.

If higher costs become apparent during the inspection of the devices, you will receive a cost estimate for approval.

The inspection costs are €50 per manual device (450 € per servo drive), which will be charged if the order is placed.

We hereby confirm that we will cover costs up to an invoice amount of €450 plus VAT per device.
